May 5, 2008

Dear Mr. Crissman:

I am writing to inform you that after much consideration Iredell County has elected to cease operation of its C&D Landfill before July 1, 2008. As of July 1, 2008 all C&D MSW waste will be co-disposed in the MSW landfill, which operates under permit # 49-03. This decision was made in the light of rule changes brought about by the Solid Waste act of 2007, specifically the requirements for new C&D's to be lined. As Iredell County only has approximately 3 years disposal capacity in the current C&D we were being faced with construction of a new site. As the cost of a new C&D site will approach those of MSW we have decided it is more feasible to operate only one site.

We will be able to cut operational expense and conserve future disposal capacity by eliminating buffer zones between two sites. Doing so will of course require us to initially speed up the permitting and construction of our next cell, phase V. Please feel free to contact me any questions. I may be reached at dlambert@co.iredell.nc.us, 704-878-5432, 704-902-1866 (cell #).

Thank you!
